### For County Clerk.

Mr. John F. Woodward, of Xenia, wants to be County Clerk of Powell county. He is capable, a young Democrat, and as such is asking the nomination at the hands of this worthy party. His announcement appears in this issue of the Times. Mr. Woodward has an enviable reputation in the part of the county in which he lives. He will make a strong race, and asks the consideration of every Democrat in the county.

Lost, from rig of J. B. Eaton's some where between Pilot Knob and Clay City, Oct. 13, a lap robe. Owner return to Dr. Smith at Clay City and receive reward.

See Dr. C. B. Dickson for all kinds of dental work at Clay City the last ten days of November.

Born, to Mr. and Mrs. I. G. Jackson, of Harrodsburg, Tuesday, Nov. 17, a daughter. Mr. Jackson is a native of this county and formerly connected with this paper.

### Judicial Primary Called.

The Twenty-fifth Judicial District Democratic Committee met at Richmond Nov. 13, and called a primary election fixing December 31st to select a candidate for Circuit Judge and Commonwealth's Attorney for this district which embraces Powell, Clark, Madison and Jessamine counties. Judge James M. Benton and Attorney B. A. Crutcher are so far the only announced candidates. Each candidate for office shall by December 5 deposit \$500 with the committee. On December 10 the committee will meet again to arrange further for the election. If, at that time there is but one candidate for each office the primary will be called off and the announced candidates declared the nominees.

### To Select Committeemen.

The Democrats of Powell county will meet in mass convention at the various voting places in their respective precincts on Saturday, November 21st at two o'clock for the purpose of electing precinct committeemen who shall constitute the precinct committeeman of each precinct until his successor shall be elected by order of the next State convention. On Monday following, said committeemen elected will meet at the Court House in Stanton and perfect the county organization by electing a county Chairman and Secretary. The success of the party depends largely upon the selection of the right kind of committeemen.

### Blackburn-Prewitt.

Fred Blackburn, of Stanton, and Miss Carrie Prewitt, of this county, were married Wednesday at the Phoenix Hotel, Lexington, by Rev. W. A. Frazier. The bride is a daughter of Mr. and Mrs. Jas. C. Prewitt, of this county and is justly popular. The groom is a son of Capt. J. B. Blackburn, who formerly conducted the Court View Hotel, this city. He is junior member of Hardwick & Co., of Stanton, another member of which, Mr. Hardwick, married a Winchester girl, Miss Ella Grigsby.—Winchester Democrat.

### Spurious Thanksgiving.

There is a spurious kind of thanksgiving which centers everything upon self. No thought is bestowed upon others, no effort is made to gladden their lives by kind words, no helping hand is stretched forth to relieve the poor and needy. The man who offers thanks for health, and the material prosperity he possesses, but who uses neither for the benefit of his fellow man is not really thankful—he only thinks he is. The spirit of gratitude cannot be dissociated from the service of humanity.

### Survey Made Twenty Years Ago.

The survey of the town plat of this city was executed in November, 1888 just twenty years ago. The town has not made the city its promoters expected, but in the twenty years there certainly has been a wonderful change in the territory where the little city is now located.

### Kind Words for the Country Editor.

A wit has observed that "some men are born great, some achieve greatness, and others edit country newspapers," but he might have added that the country editors are the backbone of the community. There are hundreds of the little 4 x 6 towns that would not be on the map at all save for the persistent booming they have received in the columns of the town paper, the editor too often being the only man in the place who has failed to share in the town's prosperity for the simple reason that he has been too busy helping others to look out for himself.

We have an intimate knowledge of a good many country newspapers, and have had our share in the making of more than one, and we have yet to see the first country newspaper containing an immodest story or a coarse jest or allusion, and very often the country weekly is the only newspaper which a prudent, careful man dare take into his house.

The influence of the country newspaper is out of all proportion to its circulation, because it is the honest expression of its editor who is untrammelled and unbought. There are many men yet living who can remember when a half-dozen county seat weeklies molded the political destiny of an entire state, and there are few instances on record where these papers ever betrayed the people or led them after false goods.

Moreover, the country newspaper office has been the sole school and alma mater of many of the most brilliant men of our own and other times, and no other craft is so rich in fruitage of this sort.

Sometimes the big dailies, of-

ten made up largely of nonsense and worse, threaten to crowd the country newspaper to the wall, and doubtless sometimes the country editor's outlook is not encouraging; but feeling that he has a mission to perform, the importance of which can not be measured in dollars and cents, he holds grimly on, for which we are thankful and take courage.—Editor Farm Journal.

### For Assessor.

In this issue appears the announcement of Mr. John Bell Patton for assessor of Powell county, subject of course to the action of the Democratic party. Mr. Patton is an obliging gentleman and a man that may be depended upon to perform his duty to his family, to himself, to his fellowman and to his office he seeks should be elected. He certainly is deserving of consideration at the hands of the Democrats of the county.

### Important Information Withheld.

The editor has perused carefully an article on "How to Carve a Thanksgiving Turkey," but was sadly disappointed to find that it gave no hint of how to get the turkey. We don't believe the writer of this article knew what he was talking about, and if some one will furnish the turkey we will, in the interest of science, undertake to expose him to the world.

Thanksgiving day, as an institution, is not observed in every state of the union, but the spirit which prompted its birth and which it was designed to promote prevades the whole nation. And there is every reason why it should. There is not one of us but has good cause to be thankful for the blessings bestowed upon us. To be sure there are dark days—days of sorrow, trial and bereavement. But take life as a whole, year in and year out, and it will be seen that the sunny days are far more numerous than the dark, and that the joys of life far outnumber its sorrows. Of course this is true only of the life that is spent wisely, using to best advantage the faculties with which God endowed it and recognizing in Him the Giver of all good.

The English workingman spends on an average a dollar and a quarter per week on liquor. Considering that his wages are far less than that of an American workingman, it means that he spends somewhere about twenty per cent of his wages, or a day and a quarter of his work every week, for that which, putting it mildly, is of no benefit to him-

self or family. No wonder that the stress of hard times is so keenly felt over there and that the normal condition of thousands is one of abject poverty. By a strange coincidence the average amount spent for drink is just the same as the old age pension, which the government gives to workingmen over a certain age.

"Back to the land" is a cry much heard these days, and it is well to act upon it that the congested condition of the cities with its attendant evils of poverty, misery and crime may be relieved. But many men of slender means who buy small farms in the expectation of making a living and enjoying life are bitterly disappointed. The trouble is they have had no experience, and scarcely any business today needs a practical working knowledge to insure success more than farming. If people of small means want to succeed and realize the advantages of country life, they should find work for a time with some progressive successful farmer.

There are several ways of dealing with the many duties that confront us in the daily round of life. One may shirk them, which is cowardly, or discharge them grudgingly and ineffectively with the result that life becomes distasteful and burdensome. But the only right way is to meet and perform them resolutely, cheerfully and thoroughly. The man who does that knows full well what happiness is.

There is some talk of an early Democratic primary election in Powell to select nominees for county offices. The time is immaterial, but we would like to see the committee prohibit the use of whiskey and money in the election and provide that any candidate using these elements to secure his nomination will forfeit the nomination to be supplied later by a selection by the committee.

In less than three weeks Gov. Patterson, of Tennessee, brought nearly one hundred night riders to justice and put all the night riders in his state out of business. Gov. Willson could have done the same in Kentucky if he had only had the brain and courage that Gov. Patterson has.

A bank at Montecello, Ky. failed Tuesday closing up \$144,000.00 of depositors' money. Wonder if some of the Republican depositors of this bank would like now to have Bryan's guaranteed bank deposit theory working at least in their town?

There was an error in reporting the election returns in this county from South Fork which went thirty-nine Democratic instead of twenty-nine as reported. This makes the Democratic majority in Powell 54 instead of 44 as first reported.

Wanted—To contract for one \$2,000.00 automobile for the editor, and no less than three rubber tired buggies for office attachés to be furnished soon as John W. Langley gets our pike done in Powell and other mountain counties.

Scientists say that power may be generated from mud. If political mud has the same power producing qualities what a quantity of power could be generated in every political campaign.

The man who joins a church or lodge, not for the reason those institutions exist, but solely to advance his business or political interests, joins from a wrong motive and acts unfairly toward them and to society.

The Henderson Gleaner thinks an appropriate text for the times is Psalms 37:35—"I have seen the wicked in great power, and spreading himself like a green bay tree."

One thing we can be thankful for today as well as next Thursday, we live in a Democratic city, a Democratic county and a Democratic state.

Such terms as "landslide," "straw vote," "whirlwind campaign" are now put into cold storage for the next four years.

**Deafness Cannot be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, it has a rumbling sound and a feeling of fullness, and when it is closed, deafness is the result, and unless the inflammation is taken out and this tube restored to its normal condition, hearing will be destroyed forever; and cases of deafness are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

Will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by this method. Send for circulars free.

### Watched Fifteen Years.

"For fifteen years I have watched the working of Bucklen's Arnica Salve; and it has never failed to cure any sore, boil, ulcer to burn to which it was applied. It has saved us many a doctor bill," says A. F. Hardy, of East Wilton, Maine. 25c. at Swann-Day Lbr. Co's store.

C. B. Lowry, for some time a resident of Clay City, and while here Superintendent of the old Kentucky Union Railroad, and later a prominent dealer in ties, was killed last week in a railroad wreck near New Orleans, La. together with seven other passengers.

An exchange says: "A school-marm down in Barren county has adopted a rule that when the girls miss a word in 'spellin', one of the boys can kiss her, provided he spells the word right. She has a room full of poor girl spellers, and good boy spellers."

### Mind Your Business!

If you don't nobody will. It is your business to keep out of all the trouble you can and you can and will keep out of liver and bowel trouble if you take Dr. Kings New Life Pills. They keep billiousness, malaria and jaundice out of your system. 25c. at Swann-Day Lbr. Co's store.

A witness in a law case recently gave as his opinion that the limit of liquor for a "lady" at dinner was one pint of champagne, with cordials and one or two other kinds of drinks in addition. As the witness was an authority in such matters, his opinion has doubtless settled for some people a burning question. What puzzles the average mortal is how a woman, who drinks as above stated, can be a "lady." It reminds us of the inscription that once appeared over the entrance to a place of amusement. "No gentleman or lady admitted in a state of intoxication."

### How is Your Digestion.

Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market to-day." This great tonic and alterative medicine invigorates the system, purifies the blood and is especially helpful in all forms of female weakness. 50c. at Swann-Day Lumber Co's store.

The man who gives liberally reaps honorably. This may not always be true of money, but it is of kind words and deeds. They multiply in the giving and besides brightening and helping the lives of others they cause a thousand benedictions to descend upon the head of the giver.

### Seven Years of Proof.

"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Heary, of Panama, Mo. The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, la-grippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at Swann-Day Lumber Company's store. 50c. and \$1 00. Trial bottle free.

Everybody should help stop the public spitting habit, by sending a two-cent stamp today for our attractive, unique hanging card which warns against spitting nuisances. People will take notice of this card and once seen, never forgotten. Address DOMINICARD Co., 1807 Chouteau, St. Louis, Mo.

### Rheumatism Recipe.

A well-known authority on Rheumatism gives the following valuable, though simple and harmless, prescription, which any one can easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug store of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.

If a man has employment, a cottage and somebody in it to work for, these hard times he ought to be happy.

November.

Of all months in the year November is the one for reflection; as we review the past we can not but contemplate the future. The annual death of the leaves and flowers and their annual resurrection teach a beautiful lesson. What is more richly instructive than the verdure of spring; field and forest mantled with emerald in April, whitened with blossoms in May and June, awaken all that is noblest and best in our natures. The rich summer beauty, the luxuriance of the harvest, the brilliancy of autumn inspire us with richer and riper thoughts. The whole summer is a continuous feast that we try to share with our friends.

The saddest day of the year to a lover of flowers is one that succeeds a hard frost. A thousand attachments are severed in a few hours. The wilderness that had blossomed as the rose has become a blackened sepulcher at the touch of the icy lips of King Frost. But we have only to wait a few months and we hail once more the vernal spring, for 'tis only thought death that we live again. There are a multitude of blessings for every sorrow, for

"'T would be a lot too blessed forever in the emerald shade to stray;

Amid the kisses of the warm southwest To live and dream of aye.

**Valuable Corn Crop.**

While the corn crop is short in Kentucky owing to the severe drought, it is not so all over the country. Preliminary reports by the Department of Agriculture show that the corn crop is larger per acre and larger in the aggregate than last year, and that the quantity is decidedly better than it was a year ago, or for an average of ten years. All the crop this year are highly satisfactory. Few records are broken, but quantities are large and prices good, and the aggregate value taken out of the ground will probably be up more than ever before. —Kentucky State Journal.

Over a cow this morning about Colbyville," said the reporter. "How did it happen?" asked the reporter. "She was drinking out of a water bucket," shouted the brakeman as he swung around and went grinning. —Evening

**Very Serious**

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

**THE FORD'S BLACK-DRAUGHT Liver Medicine**

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not irritate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.

**SOLD IN BOTTLES**

"Girls" remarked a small boy in his composition upon the subject, "is of several thousand kinds and sometimes one girl can behave like several thousand girls. Some kind of girls are better than some other kinds, but there ain't any of them up to boys. This is all I know about girls, and father says the less I know about 'em the better."

**We Want The Orphans.**

The Highland Orphans Home at Clay City is ready for the orphan girls in the mountains. It is a large three story brick house, beautifully situated at Clay City. It is owned by the Society of Soul Winners, and supported by the people every where. Orphan girls between the ages of five and thirteen, will be received, if eligible. We hope to take the boys later. Before they are sent, we want to know the name, age, health, character, etc., etc. Only those who have neither father or mother will be received at present. We request all those who have any such children to write to Dr. Edward O. Guernant, Wilmore, Ky. Also will thank all ministers and county officers to give information as to any such children. The home will clothe, educate and care for these children, for the sake who loves them. There is not a better home in Kentucky. Write at once to Dr. Edward O. Guernant, Wilmore, Ky.

**Don't Worry**

If you are sick, don't worry, but begin at once to make yourself well. To do this, we but repeat the words of thousands of other sufferers from womanly ills, when we say:

**TAKE CARDUI**

**It Will Help You**

For 50 years, this wonderful female remedy, has been benefiting sick women. Mrs. Jennie Merrick, of Cambridge City, Ind., says: "I suffered greatly with female trouble, and the doctors did no good. They wanted to operate, but I took Cardui, and it made me feel like a new woman. I am still using this wonderful medicine, with increasing relief."

**Hygeno DIP AND DISINFECTANT**

**THRIFTY LIVE STOCK**

The all important question with the farmer and live stock raiser is how to produce the most beef, pork or mutton with the smallest expense. The only answer is, prevent disease rather than try to cure it. Hygeno—dip and disinfectant is a powerful germicide and positive live stock dip. Used occasionally as a dip and spray it will keep the live stock in a healthy and thrifty condition. Hygeno costs less than one cent a gallon when diluted and we can positively say it will cost you more if you do not use Hygeno than it will if you do. If your dealer cannot supply you with Hygeno, send us his name and we will take care of you and mail our Health Book and free sample.

**LETTERS FROM USERS OF THE Syracuse "EASY" Washer**

"Your machine is a complete success. I learned more about washing out of your little booklet than I ever would have from all the women you could stand in a row. I have been paying \$1.25 a week for washing when I can do the same in two hours with the 'EASY'."

J. M. BYRD, Hampton, Va.

"We have tried the 'EASY' and find it just as you represent it and the only washer I ever saw that does the washing clean without rubbing on the board. It is easy to work and does the washing thoroughly. It certainly has no equal."

E. E. LIGGETT, R. D. 1, Box 4, Avella, Pa.

Make the washing easy for one-twelfth of the year at our expense. Wash everything washable in the house. If you cannot make the "EASY" earn its price during the house-cleaning season return it at our expense.

Pages 25-27 of our free book on Washing Formulas give you valuable information on washing formulas.
